Worksite Wellness Services

Blood Pressure - Bring blood pressure testing to you! High blood pressure can have no signs or symptoms which can make it go unnoticed. Participants will be provided helpful tips on how to lower blood pressure. One staff person will come into your office space to take blood pressure readings for all interested employees. Results are confidential.

Stretch Breaks - Do you find yourself tight after a long day at work? Have us come to your space! A group stretching session is conducted to include lower body and upper body stretches targeting specific areas for the desk employee. One staff person comes to a community area within department or office space.

Lunch & Learns - Choose from a list of prepared topics, or have us create a lunch & learn for the topic of your choice. One staff person presents a seminar for a designated group within the department or office.

Meditation Breaks - A group meditation session includes breathing exercises and imagery to allow each participant to release stress and tension. One staff person comes to a private area within department or office space.

Flexibility Assessments - Participants will be provided helpful tips on how to increase their flexibility. One staff person comes into the office space to take flexibility measurements for all interested employees. Results are confidential.

Office/Chair Yoga - Chair yoga is a wonderful way to relax from head to toe without the stress of leaving the office. This class is meant for all levels of fitness. One instructor comes into the office space to conduct this relaxing class.
